

Dear Senators,

April 24, 2017

My name is Mairlyn, I am 13 year old and I go to west wood Bride site. We hope you support teens to get access to therapy. This is important to me because my parents are the ones that hurt me more and its uncomfortable to talk to them about these things. We hope you are willing to take our stories and experience into considering by supporting this bill because it is important to us.

Sincerely,

Mairlyn
