We need another bill to create the statewide transit pass exploratory committee within another government agency, created with more committees to spend more and more money, and create more rabbit holes!!!!!!? Your creating statewide method to determine price of passes, Sale of passes for state employees?, What services will be offered? Types of passes, Collaboration with other agencies? Technology to monitor use, Methods of advertising, permanent advisory boards, and so much more? Does this sound like the creation of a small nation state?</p> <p>Let's add insult to injury! Ozone season transit grant programs. More Money and infrastructure! This is moving from the sublime to the ridiculous! And youth under 19 free passes? Are you all going to pay for this?</p> <p>This is all just upside down, wrong, and needs to be put into the trash can archives! And delete the archive!</p> <p>Done!!!!!!!!!!</p>
