Dawn Debus For themselves	<p>Madam Chair, members of the committee, thank you for the opportunity to submit written testimony to you today. My name is Dawn Debus representing, and I am here to support this bill (SB24-008) because it is the right thing to do for children and families. Many kin providers struggle to provide necessities for children in their care, and becoming certified can be difficult due to many reasons. What we need to do is support these families by providing financial assistance so that they can provide better for the children in their care while they continue living in a safe place while they heal, or until they are able to return to their bio families. I appreciate you taking the time to read my testimony and your consideration in moving this bill forward.</p> <p>Best, Dawn Debus</p>
