David Emick For themselves	<p>To the agricultural committee, I strongly urge you to pass the conservation easement tax credit bill as amended. Some 700 to 800 farmers and ranchers in Colorado had their tax credits taken away from them after they were approved, some even after the federal government/IRS excepted the easements. These tax credits should be returned to taxpayers that had their tax credits taken back by the department of revenue and yet the Easement still remains on their property.</p> <p>Thank you for your consideration, David Emick</p>
