Bennett Rutledge For themselves	Chair Froelich and members of the committee, While I would much rather have the Gallagher Amendment back, HCR26-1003 - Nonmortgage Property Tax Exemption is a bill that will fill some of the gap, and provide some of the relief needed by property tax payers as the property values have jumped in the last couple of years, and the \$200,000 cap that applies to my homestead exemption currently is, to the best of my knowledge, is still in place. Please vote yes on this tax reduction.
