RE: SB23-276

Honorable State, Veterans, & Military Affairs Committee Members

The undersigned Colorado County Clerks request your support of SB23-276. Colorado has not increased the county reimbursement since 2012. Election expenses fall on local governments responsible for shouldering the upfront operational and execution costs of all elections.

Implementing a percentage-based reimbursement that will automatically increase as expenses grow is the best way to ensure the state's investment and a strong shared commitment to conduct secure and accessible elections. We strongly urge you to vote yes on SB23-276. Thank you,

Respectfully,

Baca County Clerk, Sharon Dubois
