Jeany Rush Against themselves	<p>TO: HOUSE COMMITTEE OF HEALTH & HUMAN SERVICES</p> <p>RE: JB25-1027 Update Disease Control Statutes</p> <p>Sponsors: Gilchrist, Brown, Daugherty</p> <p>FROM: Jeany Rush Concerned Constituent, Colorado Springs 2-3-25</p> <p>VOTE: No, Emphatic NO</p> <p>MULTIPLE REASONS APPLY A NO VOTE ON THIS BILL</p> <p>Regarding the repeal of the 14- day period for students to submit proper documentation, this bill did not give the public, Parents, school admins, any public process, nor reports. Why did the CDPHE move this process to the BOH, with no real management / program in place? Why more processes for wrong procedures?</p> <p>Why is "compliance period" moved from local control to State control? Without proper over-site of the organizations, with a history of indifference to the public, how can this serve the better good of the public? Didn't the CDPHE and CU lose a lawsuit for denied exemptions during the FAKE Plandemic?</p> <p>I believe this is where I post that we now know scientifically that the Covid Event is and was a bioweapon, pathogen, (mrna spike protein manipulation) and not a valid vaccine! The ingredients in the vaccine tell the truth. Doctors worldwide have shown the horrendous amount of deaths and actual injury to millions and millions of innocent citizens. Included among the damages, are death, heart attacks, blood clots, palsies, rapid onset cancers, or cancers coming out of remission, and many other issues! The numerous toxins in all vaccines are crimes further which should be classified "Crimes Against Humanity." Organizations like Children's Health Defense Fund, and world known doctors have shown tons of evidence.</p> <p>A child is given over 70 doses of supposed vaccines before the age of 18, and the ingredients are another list of toxins that defy decency! Autism, upper respiratory illness, allergies, other devastating injuries</p>

	<p>are global and in such numbers, it can only be called Criminal! YOU ALL SHOULD KNOW, AND SHOULD BE ASHAMED TO ALLOW IT</p> <p>You all, the BOH, the CDPHE, Every physician, hospital which engages in these medical malpractice, are promoting these criminal activities. That means, you all would also be participants in genocide of our children. The Truth is all coming out! Either people were harmed, died, or were fired from their jobs for not participating in this mess.</p> <p>The CDC and the WHO have promoted lies, death, and destruction worldwide, and all of this is now also documented. The medical industry and all of these organizations further withheld real treatments to save lives from the released bioweapons. That means our own Boards of Health were complicit as well. While remdesivir killed kidneys, vents flooded lungs, when there were real cures for the bioweapon, or at least relief, like ivermectin, hydroxychloroquin, chlorine dioxide, glutathione (to fight the graphene oxide in many). Vaccines are full of metallic toxins, etc.</p> <p>Schools dabbling in shots, tests, like HIV, and other issues, ends up violating privacy laws, HIPAA , etc. And having clinics/medical facilities on school grounds, further pushes practices which should be the job of the families, not the state, not the schools, not the school counselors, not the teachers, not the administrators, and not the Unions! HEALTHY PROTOCOLS EXIST, YET OUR ORGS. IGNORE THEM!</p> <p>This is one big nasty cycle of over reach, and danger to all of us. I seriously object to this entire procedure. The risks of turning it all into a Communist style "1984" overlord type of controlled system is horrible, and MUST BE STOPPED!</p> <p>Note: Research Papers, Documentaries, testimonies, etc. have been distributed, and provided to organizations worldwide. Many of us even sent data to our schools, commissioners, city councils, and health boards on county levels. The state email for Health Board was at one point not even working!</p>
