RE: HB22-1046.001

Dear Representative Catlin;

Please accept this correspondence as the vigorous support of the Colorado Snowmobile Association for HB22-1046.001. While we had concerns regarding possible impacts to existing access provided under CRS 33-14-110 since 1985 from the original version of this bill. Our concerns have been resolved with the amendment 001. We have attached a copy of this for your reference.

CSA vigorously supports county concerns about unprepared motor vehicles using roads that are not maintained in the winter time, as often this is a major safety concern and our members participate in these recovery and rescue efforts. CSA is also aware that many of these unmaintained routes are also providing important access to off grid homes and recreational opportunities on adjacent public lands. These users are aware the road is not maintained and are using the proper equipment to access these areas safely and CSA did not want that access diminished either. We believe amendment 001 strikes this balance.

Please feel free to contact me if you should have any questions. My phone 518-281-5810; and my email is [scott.jones46@yahoo.com](mailto:scott.jones46@yahoo.com).

Respectfully Submitted,

A handwritten signature in black ink, appearing to read "Scott Jones". The signature is written in a cursive style with a large initial "S" and a long, sweeping underline.

Scott Jones  
CSA Executive Director
